Custom & Scheduled Reports

Gabriella Eriksson - 2025-03-12 - [Administration](#)

With **Custom & Scheduled Reports**, you can create tailored reports to fit your needs, whether for your entire client portal or a specific project. By filtering and automating reports, you quickly and easily gain insights that help you make informed decisions.

Available from: Enterprise and as an add-on on the Professional plan

Getting Started

Accessing Custom Reports

You can access Custom Reports in two ways:

1. Click "**Reports**" in the top menu.
2. Click "**Reports**" within a specific project.
3. On the next page, select "**Create report template**" in the upper right corner.

The screenshot shows the Learnifier interface. At the top, there's a navigation bar with the Learnifier logo and several menu items: Dashboard, Projects, Users, Library, Reports, Automations, and Settings. On the right side of the navigation bar, there are icons for 'Go To', search, notifications, chat, and a user profile for Gabriella. Below the navigation bar, the 'Reports' section is active. It features a header with the word 'Reports' and a button 'Create report template' in the top right corner. Below the header, there are four tabs: 'All reports' (selected), 'Custom reports', 'Standard reports', and 'Favorite reports'. Under the 'All reports' tab, there is a table with the following columns: Name, Description, Type, and Actions. The table contains the following rows:

Name	Description	Type	Actions
Automated communication activity	Summary of emails sent from automated communication	Communication	☆
Participation errors	Tracks bounced emails and participation errors for projects	Communication	☆
Duration report		Custom	☆
Awards	Lists awards issued to users	Usage	☆
Content usage	Summary access and completion details for individual materials included in courses	Usage	☆
Enrollments status	List of course enrollments, participant information, course progress, and key dates such as invitation, expiration, and completion dates.	Usage	☆
Monthly course activity	Course activity month-over-month comparison	Usage	☆
Project completion status	Overview of completion status across all active projects	Usage	☆
Quiz results	Summary of quiz results	Usage	☆

Customizing Your Report

Basic Settings

- **Report Name:** Assign an internal name to your report.

- **Description:** Provide a brief summary of what the report is about.
- **Language:** Select the language for the report.

The screenshot shows the LERNIFIER dashboard with a navigation bar at the top containing links for Dashboard, Projects, Users, Library, Reports, Automations, and Settings. The user profile 'Gabriella' is in the top right. The main content area is titled 'Reports > Custom Report'. A yellow icon with a lightbulb is next to the 'Custom Report' title. Below this is a 'Define report settings' form with the following fields:

- Report name ***: A text input field containing 'Team Learning Time Report'.
- Report description**: A text input field containing 'Learning reporting for Stockholm Office'.
- Report language**: A dropdown menu set to 'English'.
- Report parameters**: A section with explanatory text: 'You can choose to narrow down the data by selecting specific parameters. If no selection is made, the report will include all projects and teams by default. Selecting fewer parameters may also speed up the report generation process.' Below this is a 'Projects' label and a list of project names with checkboxes.

A blue circular chat icon is located in the bottom right corner of the form area.

Data Selection

- **Projects:** Select specific projects to include or let the report cover all projects.
- **Teams:** Filter by teams within Teamview.
- **User Fields:** Use custom fields to create filtering rules.
 - *Example:* Filter a report for the IT department:
Department (Custom Field) → Is any of... → IT

LEARNIFIER Dashboard Projects Users Library Reports Automations Settings Go To Search Notifications Chat Gabriella

Report parameters
 You can choose to narrow down the data by selecting specific parameters.
 If no selection is made, the report will include all projects and teams by default.
 Selecting fewer parameters may also speed up the report generation process.

Columns

☐ First name	☐ Last name	☒ Activities completed
☐ Activities total	☐ Client Name	☐ Client Number
☒ Completion	☐ Completion Date	☐ Course
☐ Course end	☐ Course ID	☐ Course start
☒ Duration (minutes)	☐ E-mail	☐ Expiration date

Columns & Filters

- Choose which data fields to include, such as **completion date, project, email**.
- Default fields like **first name and last name** are always included.
- Select multiple columns for more detailed reports.

Examples:

- View which teams have completed a course: **Project + Completion + Completion Date**
- Track when participants started and completed a course: **Course Start + Completion Date**

FAQs & Tips

Can I modify a report after it has been generated?

Yes! You can adjust the settings and create a new version of the report.

How can I ensure the report includes the correct data?

Double-check your selection of projects, teams, and custom fields before generating the report.

Is there a limit to the number of reports I can create?

No, you can create as many report templates as needed!

Summary & Next Steps

With **Custom & Scheduled Reports**, you can easily create, filter, and schedule reports to gain insights into your projects and users. Try creating your first report today and customize it to fit your needs!
