

Team view

Ester Andersson - 2024-07-23 - Functions

With Team View, the team manager has more responsibility and easier access to information about the team and its learning progress. They also get permission to view specific users' course statuses more in-depth.

Introduction

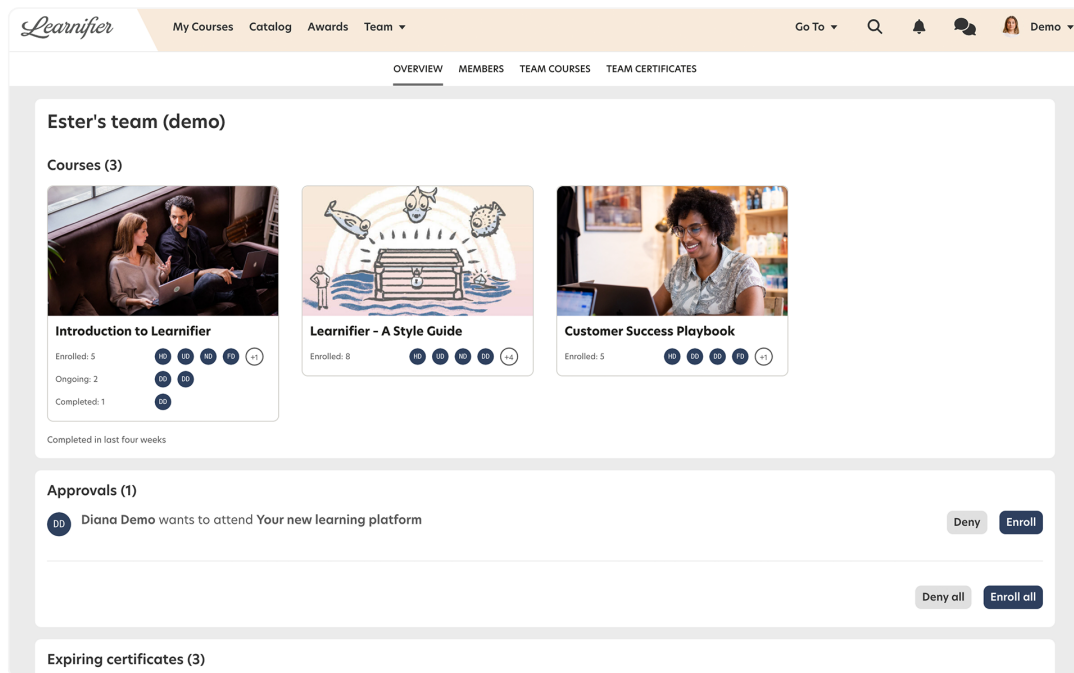

1. Enter Team View

To enter the team view portal, log in as a learner. If you are a team manager, you will see the “Team” tab where you can choose your team.

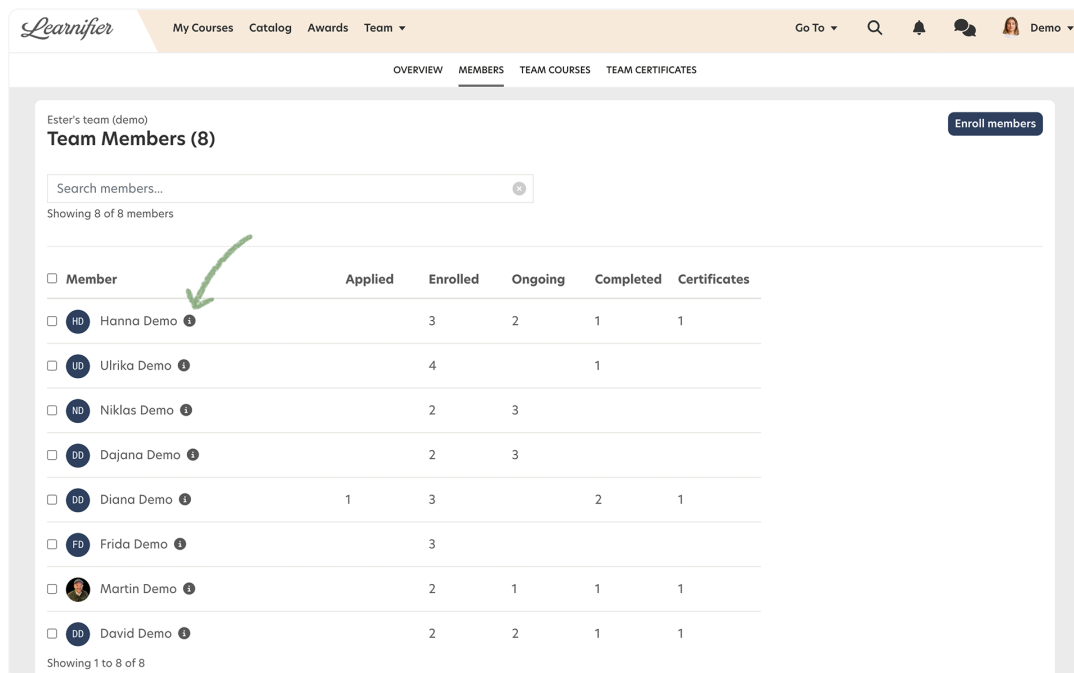

1. The “Overview” tab

On the overview tab, you will get an overall overview of how it's going for your team members. For example, under "Courses" you will see how many have applied, enrolled, and completed specific courses. Under "Approvals", you can deny or enroll members' course applications.

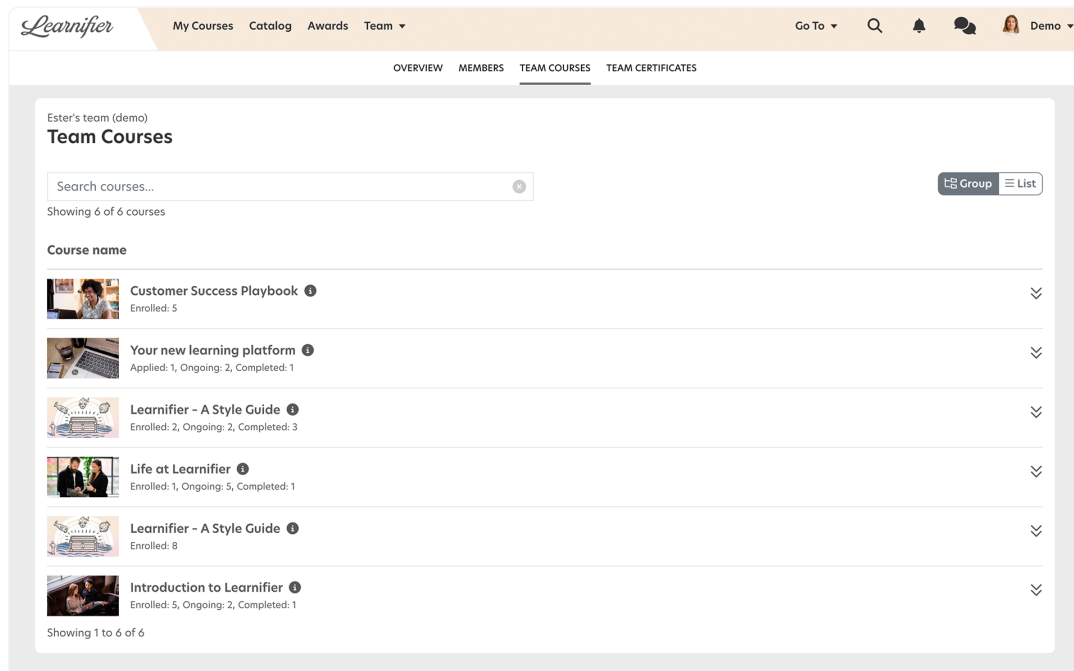

1. The "Members" tab

Under the "Members" tab, you can access more information about a member's learning progress by clicking on the "I" button.

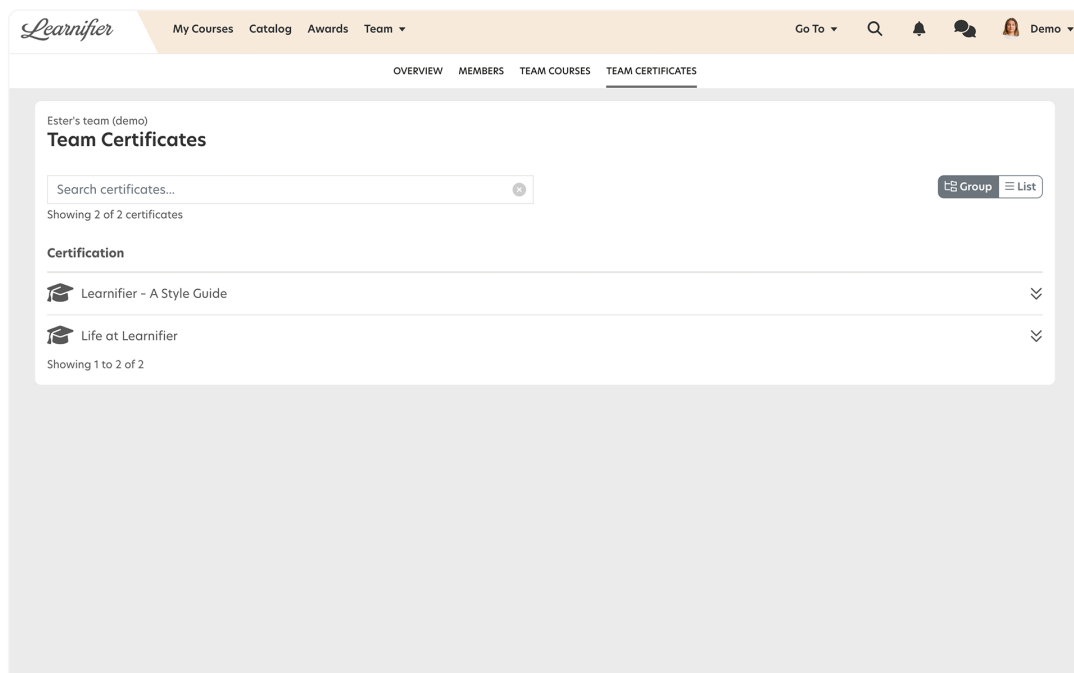

1. The "Team courses" tab

Under the “Team courses” tab, you will find all courses your members are enrolled in.

1. The “Team certificates” tab

Under the “Team certificates” tab, you will find all certificates your members have.

How does a team manager enroll members in courses?

1. In order for a team manager to enroll members in a course, the administrator must first make sure the course is managed by Team View.

1. Go to the project from the administrator interface
 2. Under the "Settings" tab, check the box "Managed by team".
2. To enroll a member in a course, go to the "Members" tab.

Enrolling members (0)

Cancel Continue

1. Under "Add members to enrollment," choose the members you want to register and click "Continue"

The screenshot shows a web interface for 'Learnifer'. At the top, there is a navigation bar with 'My Courses', 'Catalog', 'Awards', and 'Team'. On the right, there are icons for 'Go To', search, notifications, chat, and a user profile labeled 'Demo'. Below the navigation bar, there are tabs for 'OVERVIEW', 'MEMBERS', 'TEAM COURSES', and 'TEAM CERTIFICATES'. The main content area is a modal dialog titled 'Enroll team members to course'. Inside the dialog, there is a header 'Enroll to this course' with a small image and the text 'Sustainability'. Below this, there are two columns: 'Add members to enrollment' and 'Enrolling members (1)'. The 'Add members to enrollment' column has a search bar 'Search members...' and 'Showing 8 of 8 users'. It lists eight users: Hanna Demo, Ulrika Demo, Niklas Demo, Dojana Demo, Diana Demo, Frida Demo, Martin Demo, and David Demo. Each user name is preceded by a circular icon with initials. To the right of each name is a blue plus sign icon. The 'Enrolling members (1)' column shows 'Hanna Demo' with a circular icon and a trash can icon. At the bottom right of the dialog, there are two buttons: 'Cancel' and 'Continue'.

1. Confirm your registrations by clicking on "Enroll".

The screenshot shows the same web interface as the previous one, but the modal dialog is now titled 'Enrollment confirmation'. The header 'Enrolled to this course' is followed by a small image of a person at a computer and the text 'Sustainability'. Below this is an 'Edit' button. The 'Enrolling members (1)' column shows 'Hanna Demo' with a circular icon and an 'Edit' button. At the bottom right of the dialog, there are two buttons: 'Cancel' and 'Enroll'.

How to send course applications to the team manager?

1. In order for a team manager to enroll members in a course, the administrator must first make sure the course is managed by Team View.
 1. Go to the project from the administrator interface.
 2. Under the "Settings" tab, check the box "Managed by team".
2. Go to the Catalog builder and enter the course settings.
3. Under "Enrollment", choose "Moderated".
4. Under "Visibility", choose "Active".

Tip: Would you like the team manager to receive a notification when one of their members has applied for a course?

1. Create an automated communication with the following trigger (with "Team manager" as audience)
 1. "Participant" → "Status" → "Is not activated" and "Participant" → "Source" → "Is Course catalog".

Tip: Would you like the team member to receive a notification when their request has been accepted?

1. Create an automated communication with the following trigger (with "Participant" as the audience)
 1. "Participant" → "Status" → "Is activated" and "Participant" → "Source" → "Is Course catalog".
