

Automatisk påmelding ved fullføring av kurs

Ester Andersson - 2024-10-27 - Funksjoner

"Auto-enrollment upon course completion" er en funksjon som lar systemet automatisk registrere en deltaker i et nytt kurs når en annen kurs er fullført.

1. Gå til kurset der du ønsker at deltakerne skal fullføre for å bli invitert i et annet kurs.
2. Under "Next course", klikk på "Add next course". Velg kurset som deltakerne skal å bli invitert i.
3. Opprett en "Automated communication" i det neste kurset for å la systemet automatisk sende en velkomstmelding på e-post til alle registrerte deltakere (valgfritt).
4. Nå har deltakerne tilgang til kurset!

The screenshot displays the Learnifier interface for a course titled "Introduction to Learnifier". The course is currently in an "Ongoing" status. The interface includes a navigation menu at the top with options like Dashboard, Projects, Users, Library, Reports, Automations, and Settings. Below the navigation, there are tabs for Overview, Participants, Waitlist, Course Page, Events, Assignments, Details, Communications, Reports, and Settings. The main content area shows course details, including creation and update dates, and buttons for editing, previewing, deleting, and copying the course. A "Participants" section shows 9 participants with a breakdown of their status: 5 Not Started, 3 In Progress, 1 Completed, 9 On Track, 0 Overdue, 0 Not Invited, 0 Bounce Backs, and 0 Project Errors. There is also a "Next Course" section with an "Add Next Course" button, which is highlighted with a green arrow. Other sections include "Awards", "Project Team", and "Announcements".
