### "Intro"-fane

På fanen for introduksjon kan du angi et eksternt prosjektnavn (synlig for deltakere) samt en beskrivelse av kurset. For å endre det interne arbeidsnavnet for prosjektet, klikk bare på tittelen på fanen "Overview".

The screenshot displays the 'Introduction to Learnifier' course editor. At the top, there is a navigation bar with a 'Back' button on the left and 'Undo', 'Redo', 'Save', 'Preview', and 'Publish' buttons on the right. Below this is a tabbed interface with four tabs: 'INTRO', 'ACTIVITIES', 'RESOURCES', and 'SETTINGS'. The 'INTRO' tab is currently selected and highlighted with a green circle. The main content area shows the 'Course Intro Page' editor. It includes a title 'Course Intro Page', a description of the page's purpose, and a 'Course Description' section with a text area containing a welcome message and instructions for starting the course. A 'Support' button is visible in the bottom right corner of the editor area.

## “Activities”-fane

Endre navn på allerede opprettede moduler ved å klikke på de tre punktene → "Rename".  
Legg til en aktivitet ved å klikke på plusstegnet og legg til hvilket innhold du enn velger.

## “Resources”-fane

På fanen "Resources" kan du legge til innhold du vil bruke som referansemateriale eller materiale som du tror kan være interessant for deltakerne. Du kan sette opp automatisering for når ressursen skal være tilgjengelig for deltakeren, og også merke ressursen slik at den kan filtreres bort i søk.

### Course Catalog

A good course image is critical in helping the learner quickly understand what the course is about. It also helps the learner navigate to the correct course when picking from a list of courses.

#### Course Image

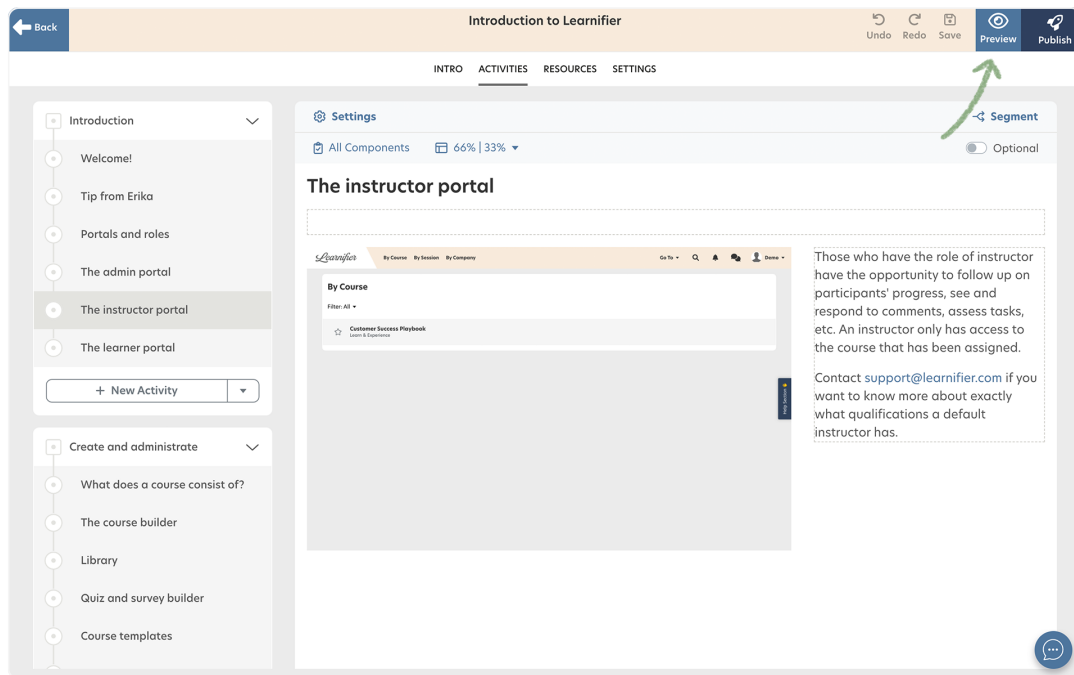

A good course image should grab the attention of the viewer and help them understand the essence of what the course has to offer. The image will be shown in the course catalog and on the My Courses page. Use a .gif, .jpg, .jpeg, or .png file.
