

Team view

Ester Andersson - 2024-07-23 - Functions

With Team View, the team manager has more responsibility and easier access to information about the team and its learning progress. They also get permission to view specific users' course statuses more in-depth.

Introduction

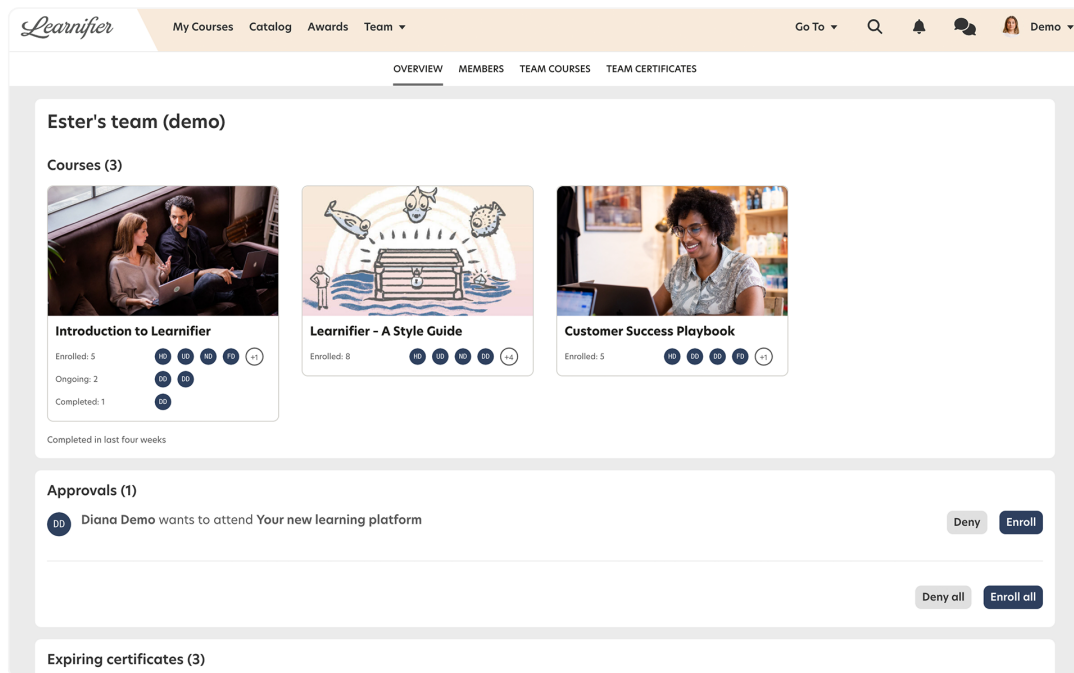

1. Enter Team View

To enter the team view portal, log in as a learner. If you are a team manager, you will see the “Team” tab where you can choose your team.

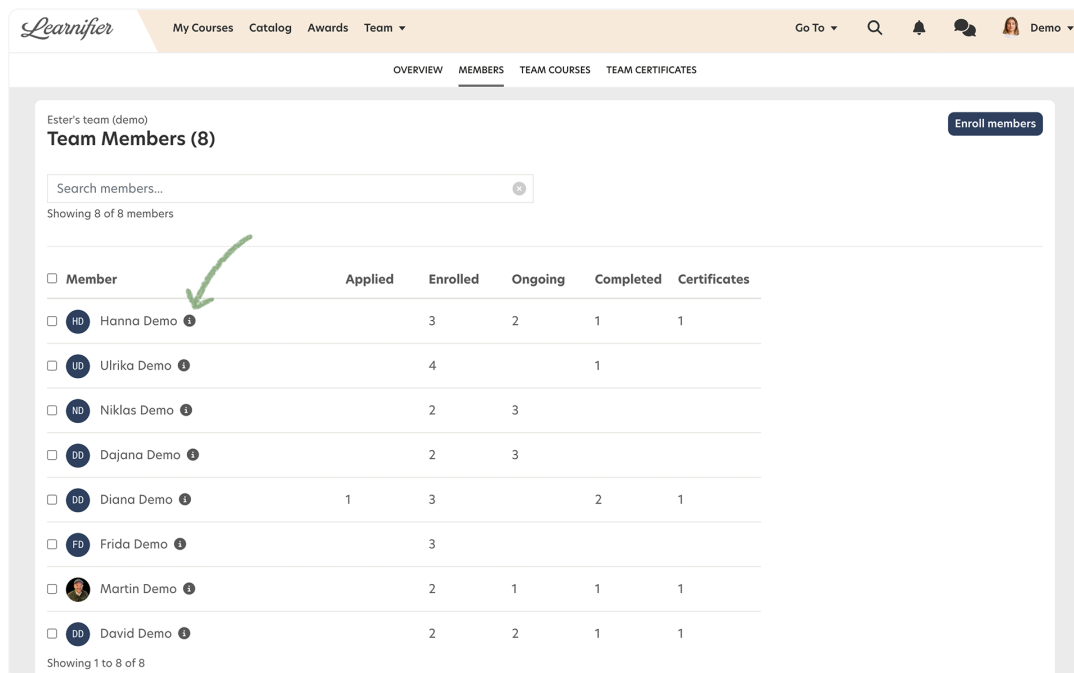

1. The “Overview” tab

On the overview tab, you will get an overall overview of how it's going for your team members. For example, under "Courses" you will see how many have applied, enrolled, and completed specific courses. Under "Approvals", you can deny or enroll members' course applications.

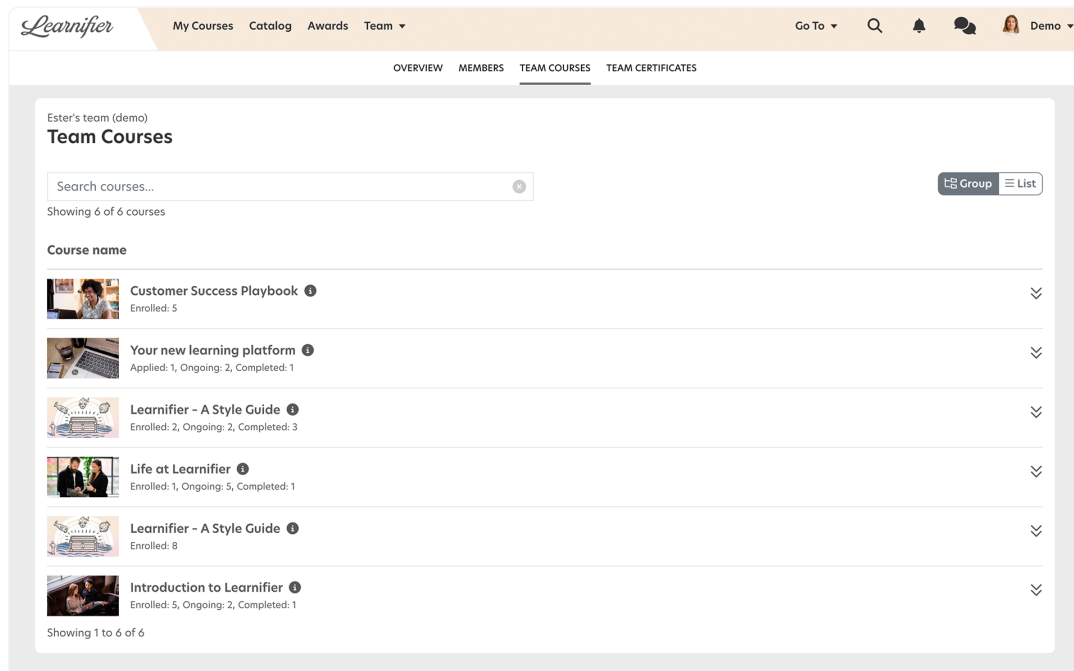

1. The "Members" tab

Under the "Members" tab, you can access more information about a member's learning progress by clicking on the "I" button.

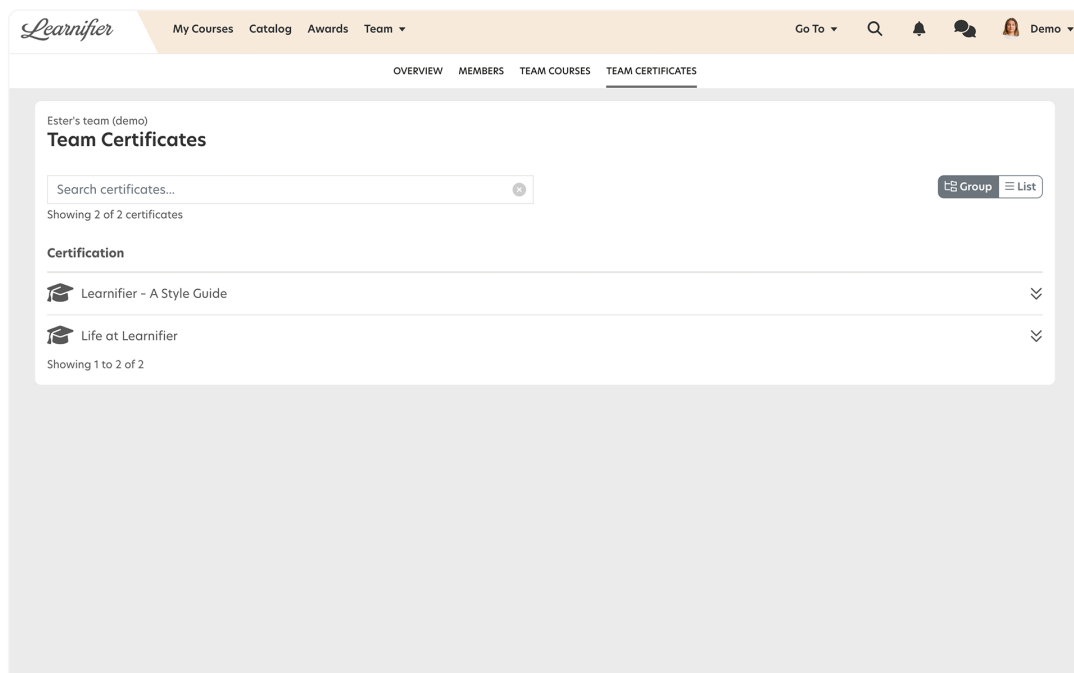

1. The "Team courses" tab

Under the “Team courses” tab, you will find all courses your members are enrolled in.

1. The “Team certificates” tab

Under the “Team certificates” tab, you will find all certificates your members have.

How does a team manager enroll members in courses?

1. In order for a team manager to enroll members in a course, the administrator must first make sure the course is managed by Team View.

1. Go to the project from the administrator interface
 2. Under the "Settings" tab, check the box "Managed by team".
2. To enroll a member in a course, go to the "Members" tab.

Cancel Continue

1. Under "Add members to enrollment," choose the members you want to register and click "Continue"

The screenshot shows the 'Enroll team members to course' modal in the Learnifer application. The modal title is 'Enroll team members to course'. Below the title, it says 'Enroll to this course' followed by a course image and the name 'Sustainability'. The main area is divided into two sections: 'Add members to enrollment' and 'Enrolling members (1)'. The 'Add members to enrollment' section has a search bar 'Search members...' and 'Showing 8 of 8 users'. Below the search bar is a list of 8 users: Hanna Demo, Ulrika Demo, Niklas Demo, Dojana Demo, Diana Demo, Frida Demo, Martin Demo, and David Demo. Each user name is preceded by a circular profile icon. To the right of each name is a blue plus sign icon. The 'Enrolling members (1)' section shows 'Hanna Demo' with a circular profile icon and a trash can icon to its right. At the bottom right of the modal are two buttons: 'Cancel' and 'Continue'.

1. Confirm your registrations by clicking on "Enroll".

The screenshot shows the 'Enrollment confirmation' modal in the Learnifer application. The modal title is 'Enrollment confirmation'. Below the title, it says 'Enrolled to this course' followed by a course image and the name 'Sustainability'. Below the course image is an 'Edit' button. The main area is divided into two sections: 'Enrolled to this course' and 'Enrolling members (1)'. The 'Enrolling members (1)' section shows 'Hanna Demo' with a circular profile icon and an 'Edit' button to its right. At the bottom right of the modal are two buttons: 'Cancel' and 'Enroll'.

How to send course applications to the team manager?

1. In order for a team manager to enroll members in a course, the administrator must first make sure the course is managed by Team View.
 1. Go to the project from the administrator interface.
 2. Under the "Settings" tab, check the box "Managed by team".
2. Go to the Catalog builder and enter the course settings.
3. Under "Enrollment", choose "Moderated".
4. Under "Visibility", choose "Active".

Tip: Would you like the team manager to receive a notification when one of their members has applied for a course?

1. Create an automated communication with the following trigger (with "Team manager" as audience)
 1. "Participant" → "Status" → "Is not activated" and "Participant" → "Source" → "Is Course catalog".

Tip: Would you like the team member to receive a notification when their request has been accepted?

1. Create an automated communication with the following trigger (with "Participant" as the audience)
 1. "Participant" → "Status" → "Is activated" and "Participant" → "Source" → "Is Course catalog".
